# TESTIMONIALS

"Hello Grafton Connor Group Team, I'm reaching out to you all to express my sincerest appreciation for all the hard work that was put into the September 23 & 25th events for Pet Valu. I addressed my email to the 'team' very specifically as it was clear at every turn that GCG is a team at heart - all with the collective goal to ensure an excellent experience for the guests from the planning of the events for those guests, through to onsite execution. I was so impressed and grateful that every team member I encountered was warm and welcoming and couldn't have been more accommodating and ready to help. When we plan events for clients, a big part of the value we bring to them is connecting the right partners with the experiences that they are looking to create for their guests. This client was very very happy. The venue experience was excellent and the 'big party' that they were looking for was a big success. Great food, drinks, and a party at every turn. From an execution perspective, communication with each team member onsite was clear and timely and smooth. It was clear to me that everyone was focused and understood the goal of the event. Thank you all for partnering with us to create an awesome night for our clients and their guests."

"Our annual meeting for ICPE was held in Halifax in August of 2023. Our closing night event has taken many forms over the years however this year we used the Grafton Connor Complex to house our 1000 person event. Our attendees loved the opportunity to experience different types of food and entertainment as they moved through the different spaces. They couldn't get enough of the Fleetwood Mac tribute band (GYPSY) as they danced the night away. As an event planner, I was grateful for the staff at Grafton Connor for handling everything from food selection to entertainment procurement to security staffing. Thank you Grafton Connor staff for your incredible help in making our event such a success!"

- Shannon, Kellen Company

"I am writing to recommend Grafton Connor Group. They worked with us in Halifax as our after-party venue for our Annual General Meeting. The team was able to visualize and design plans as per our requirements, source amazing DJs, coordinate menu items and inspect on site to ensure alignment with specifications. Our group commented that the party at Grafton Connor was the most fun they have ever had. Grafton Connor Group was a delight to work with and I wouldn't hesitate to hire them again."

- Ghada, FYI Doctors

"I have to say that the opportunity of working with the team at Grafton Connor Group was stellar. Even with client changes at the 11th hour your team stepped up each and every time to make it all happen. The delegates were extremely happy and enjoyed their experience at The Loft and Hide & Seek. I definitely see me recommending your venue and services for future client experiences."

- Marina, Velocity Event & Destination Management

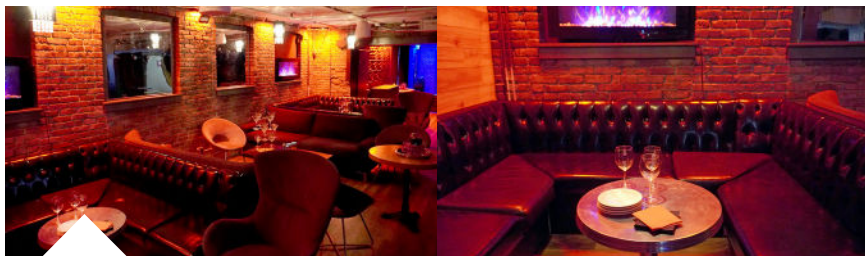

"Thank you all for a wonderful Event. It was a pleasure working with your team from start to finish. Everything was so well organized and executed. You really have an amazing team there. Everyone was so lovely to work with and top of every single detail. We appreciated all of the attention to detail and how well you took care of us and our guests."

- Jasmine, Corporate Client

"The evening was a huge success! You and your team did a fantastic job! The food and service and the elegant space made it a resounding success. I've arranged a number of these events across the country and I've never seen such efficient service and that many servers on hand to take care of our group. I was truly impressed. Our guests had a wonderful time and was very appreciative to be invited to spend the evening with us and that was the intent of the event."
